Meet YSY. A spacious, vibrant bar, ready to host your next event.

With its colorful interior, professional DJ setup and high-quality sound system, it is the kind of place where different event concepts work: from corporate gatherings and private parties to creative productions and exhibitions.

The space feels cozy, atmospheric and is easy to shape.

Whether you are planning something bigger or more intimate, everything flows naturally. With a fully equipped bar, flexible indoor and outdoor setups YSY gives you a strong starting point, while leaving plenty of room to make it your own.

Located in a heritage-protected building on the historical Frankfurter Allee, YSY features panoramic windows, high ceilings and generous indoor and outdoor spaces on the Allee's pedestrian strip, protected from the street by a wide greenspace, with views toward the iconic TV tower.

A carefully curated collection of art exhibits by young Berlin artists is displayed in a gallery-like style above the bar. The interior design resembles the modernism of Luis Barragan, combining wooden and marble elements with straight lines, textures and vivid colours.

Our DJ booth is fully equipped and, together with our custom-built professional sound system, provides a topquality experience for the audience.
